## Construction Update

April 2022

CREATED WITH CARE BY  
**SKANSKA**

Welcome to our monthly construction update newsletter, which we use to keep you up to date with the latest news from Mindenhurst.

Skanska is committed to keeping the communities we operate within up to date with construction works and we continually seek to minimise the impact of our construction work on local residents. Our regular community newsletter seeks to give you construction news updates and a direct, on-site point of contact for any concerns or queries you may have. Find out more on our dedicated Facebook page:

## Construction Update

- 1** We will be installing a new substation and electrical cables on Blackdown Road. There will not be any road closures due to these works.
- 2** Refurbishment works to St. Barbara's church will continue. This includes the installation of scaffolding to facilitate weatherproofing and decoration works. We will be closing off some of the parking spaces in the church car park, on the left-hand side as you enter. This will be our compound area and will allow us to conduct works without blocking access for pedestrians.
- 3** Landscaping works will be continuing to the Green Swathe, including the installation of the new pedestrian bridges.
- 4** We will start demolition of the buildings within Princess Royal Barracks that are situated on the path of the new Loop Road. This new road will run behind the Mindenhurst School therefore there will be additional noise in the area. Dust and noise levels will be closely monitored during these works.

## Update on the New Mindenhurst Foodstore

We are pleased to announce that negotiations are in the final stages with an independent development company for the sale of the Foodstore at Mindenhurst.

Newfoundland Developments, in association with the Co-op, will take forward a detailed planning application for a new convenience food store at Mindenhurst and will bring forward planning proposals over the summer.

The scheme will utilise the building of the former RLC museum, accessed from the new Mindenhurst Road.

There is still much to do to ensure the foodstore is brought to the community in a timely manner, not least, planning application and permission and we encourage you to engage with the scheme, as and when the detail is available.
