Construction Update

- 1** Demolition works continue inside the Princess Royal Barracks. We anticipate this will lead to additional traffic on Mindenhurst Road, but vehicles will exit to the North so this should not increase traffic flow on Deepcut Bridge Road.
- 2** Demolition will get underway at the Royal Logistics Corps Officers Mess on Minorca Road. A licenced contractor will be stripping out the non-structural elements of the building – such as floor coverings and staircases – and safely removing asbestos. We do not anticipate any increase in traffic as all works will be carried out within the site boundary.
- 3** Works will commence on St. Barbara's Church to strip and re-coat the existing building, along with window and door repairs. We expect an increase in traffic and deliveries entering the car park, but all materials and operatives will be working behind the secure fence line.
- 4** We expect utilities at Parcel X (Blackdown Road) to be installed in August, works to prepare the area have already been completed. We anticipate these works will be completed at the end of August.
- 5** Works to complete Mindenhurst Road will continue into July and are on track to be completed by the end of the month. This involves trenching and tarmacking works in several locations.
